Behaviour

Children who demonstrate an acceptable standard are awarded weekly reward points. To be awarded a point the children would have to be in the right place, at the right time and doing the right thing.

This week 214 children have had good behaviour all week.

Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
22/22	27/29	23/26	30/30	26/28	25/26	28/33	33/33

Attendance and Lates

95.3 % and 9 lates

Our attendance target for the year is 97%.

Year to date: 96.1%

19 th Dec	Reception, Y1 and Y2 Christmas party
20 th Dec	Y3 and Y4 Christmas party
21 st Dec	Y5 and Y6 Christmas party
21 st Dec	Nursery Party

Following the April 2017 Supreme Court case which ruled against a father, who had won earlier legal battles against a £120 fine in a case brought by the Isle of Wight council, FPNs are being requested for ALL holidays where there are no exceptional circumstances. Please see link. This is the request of the local authority for all schools.

Starfish

This week in Starfish Class we have had our fantastic 'Diwali dance' workshop! We have learnt all about the Diwali festival and have been busy creating some great crafts. We made some diva lamps out of clay and put tea lights in them! We also used bright pastels to create hand print pictures and coloured in some amazing rangoli patterns! We can't wait to continue learning all about the Hindu religion!

Reminder – Your Mathematics logins are the same as last year – please encourage your child to start using it again so that they can earn those certificates! Thank you.

Jellyfish

In Jellyfish Class this week we have been practising our letter sounds in a whole manner of different ways. We have written them, painted them, 'tiddly-winked' them and said them loudly, quietly and like a robot!!! It was lovely to see so many parents for parent meetings this week and celebrating all of the children's successes!!! Remember Halloween disco next week!

Stingray

We have loved taking part in Diwali Day this week. They have made diva pots out of clay, printed henna designs and made Diwali cards before spending time during the afternoon creating a dance to retell the story of Rama and Sita- look out for the video on class dojo.

Seahorse

The children turned into scientists this week and made lots of spooky, bubbling potions. We mixed vinegar and baking powder together and watched the reaction happen. The children were very excited to watch their potions explode and bubble!

There were some fantastic potion ideas, some made people invisible and some turned people into food!

Safeguarding

At Crookesbroom Primary Academy, the welfare of all our pupils is of great importance to us and we hope that parents are confident about their children's health and safety whilst in our academy. We will always try to share any concerns we have with parents. However, there are times when we are legally obliged to share our concerns with other agencies, without first speaking to parents, or without the consent of parents. The safety and protection of our pupils is our most important concern and we wish to reassure you that any sharing of information is done with the children's best interest at heart. If you have any concerns about the welfare or safety of any child in our school you should contact Mrs Hillyer, our Designated Safeguarding Lead. In addition, Mr Longley, our Deputy Safeguarding Lead, can be contacted through the school office. The academy has a duty to inform parents that there is a prohibition on reporting or publishing details (including on social media) that could identify anyone who is subject to an allegation.

Turtle

On Monday, we had a fantastic trip to Sandall Beat Woods where we had the opportunity to build an emergency shelter out of sticks, rope and tarpaulins. Also, we learned how to cook on a campfire and made: nachos with cheese, bean and cheese quesadilla and toasted marshmallows. The children were fantastic during the day and we had an amazing experience.

Lobster

Lobster Class had an amazing Stone Age Workshop on Monday. We learnt about how hunters and gatherers had to have different skills and qualities. We have done lots of drama this week; from being Stone Age people to animals to news reporters- it has been great fun! We have continued to learn about adding 4 digit numbers with exchanges. We found this difficult at first but we all persevered and are now slowly becoming experts.

Angelfish

This week, we've worked really hard using our diary writing skills from Stone Age boy to write from the perspective of Usain Bolt. The children have tried really hard to put themselves in his shoes and write how he would have felt growing up and becoming a champion! In Maths, we have been looking at patterns in number and adding and subtracting 100. We had a great time at the beginning of the week when our visitor came in and we re-enacted events from the Stone Age through drama!

Parrot Fish

This week Parrot Fish went on an unforgettable trip to Sandall Beat Woods. We built life-saving shelters and cooked surprisingly delicious food on fires. We have also moved on to statistics in maths to learn how to use and interpret line graphs. In science we have been investigating the solubility of different materials. We were surprised by how much salt can dissolve in water.
